

1. STANDARD AND SPECIAL DESIGN CUTTING TOOLS -- MARKING STANDARDS (Clause C-11.1) (April 1999)

The manufacturer's name, trademark or logo shall be placed on each cutting tool or special design tool provided under this purchase order/contract. Where the size of the tool precludes placement of the identification on the tool, the tool container shall be appropriately marked. Failure of Seller to provide such identification shall result in rejection of the tools by the Buyer.
