

PACKING LIST MARKING INSTRUCTIONS FOR ITEMS SHIPPED (Clause D-12.1) (October, 2017)

Seller shall prepare and attach a packing list, enclosed in a clear plastic protective envelope, to the outermost surface of each shipping container. The packing list shall include the name of the Seller, Seller's shipping address, Buyer, Buyer's shipping address, Buyer's purchase order/contract number, Buyer's purchase order line-schedule number, Buyer's part number, quantity, unit of measure, and number of shipping containers.

CAUTION: Failure to properly identify items shipped in the above manner may delay Buyer's receiving processes and, in turn, payment to the Seller.
