

1. SHIPPING INSTRUCTIONS -- PRECIOUS METALS (Clause D-15.1) (February 2013)

Notwithstanding any other shipping instructions contained in this purchase order/contract, if an individual shipment or the total per day shipments to Buyer will exceed \$100,000 (current market value), Buyer reserves the right to specify a method of shipment different from that specified elsewhere in this purchase order/contract.

Where an individual or per day shipment will exceed \$100,000, Seller shall contact Buyer's Logistics Engineering Department (Tel: 816-488-4282 / FAX: 816-488-3533) at least three (3) days prior to the shipping date to ascertain if Buyer requires an alternative shipping method. Seller shall provide all shipping information such as size, commodity, value, hazardous classification (if applicable), number of containers and weight in pounds. At this time, Buyer's Logistics Engineering Department will either confirm existing instructions or provide alternative shipping instructions for the shipment involved.
