

1. SUBCONTRACTING PLAN AND REPORTING REQUIREMENTS (Clause G-23.1) (February 2019)

Subcontracting Plan

Seller's Individual Subcontracting Plan, (if required by the Contracting Officer, from the **successful Seller only**) submitted with or negotiated as a part of its proposal and identified below, is incorporated herein by reference with the same force and effect as if stated in full text.

Reporting Requirements

The contractor's subcontracting plan shall include the 15 required elements found in FAR 52.219-9, including assurances that the offeror will (1) submit the Individual Subcontracting Reports and Summary Subcontracting Reports into the Electronic Subcontracting Reporting System (eSRS) and (2) ensure that its applicable subcontractors agree to submit Individual Subcontracting Reports and Summary Subcontracting Reports in eSRS.

The contractor shall provide such information that will allow lower tier subcontractors to fully comply with the statutory requirements of FAR 19.702.

Seller shall utilize the eSRS at web site www.esrs.gov to register and to report the following data:

1. Individual Subcontracting Reports (ISR's) for Individual Contracts shall be submitted semiannually covering the reporting periods October 01 through March 31 and April 01 through September 30, respectively. Data is cumulative from the effective date of the individual contract. Data is to be submitted within 30 calendar days after the close of the reporting period.
2. Summary Subcontract Reports (SSR's) shall be submitted annually covering the reporting period October 01 through September 30. Data is specific to the fiscal year and is to be submitted within 30 calendar days after the close of the reporting period.

Questions concerning subcontracting plans and reporting requirements may be submitted to:

Honeywell Federal Manufacturing & Technologies, LLC
