

1. REQUIREMENT FOR SAFETY PLAN -- NM (Clause G-24.3) (November 2014)

Contractor HS&E Handbook (07/31/13), which is in Seller's possession, or will be provided upon request, is incorporated herein by reference with the same force and effect as if stated in full text. This publication sets forth the Safety, Health, Fire, and Environmental protection requirements, Plant Rules, and Security Guidelines, which must be followed by Seller and its Subcontractors performing work in or about U. S. Department of Energy facilities managed by the Buyer. These requirements are in addition to any other requirements of this purchase order/contract.

Performance of on-site services shall not begin until a Safety Plan has been approved by Buyer's HS&E Department for this purchase order/contract.
