

## **1. PERFORMANCE SPECIFICATION - SELLER RESPONSIBILITY (C-3.1)(March 2021)**

Notwithstanding any other requirements of this purchase order/contract, Seller shall be responsible for the product passing any performance requirements set forth in the specifications. Seller shall promptly notify Buyer of any incompatibility Seller believes to exist between performance and any other requirements of the specification.

*If parts are non-conforming with the purchase order quality requirements, Seller will be notified of the discrepancy and Buyer's intent to return the non-conforming product. When Seller desires use of a Return Merchandise Authorization (RMA) number, that number must be received within five working days or product will be returned without an RMA number.*
