

1. CERTIFICATION FOR PLACE OF PERFORMANCE (Provision J-16.1) (March 2023)

The offeror is required to certify where the work that might result from this solicitation will be performed. The Place of Performance for the purpose of this solicitation is defined as: The final manufacturing assembly point, construction site, place where services are performed, location of mines, or where products are grown.

If the Place of Performance is the same as the ordering address, no additional information is required. If the Place of Performance is other than the ordering address, the offeror shall insert the required information in the spaces below:

Owner/Operator Plant or Facility (Subcontractor) -
Country Code (<https://countrycode.org/>) -
(ISO 3 letter format) State Code -
(2 letter abbreviation) County Name -
Street Address -
City Name -
Zip Code -
